R. D. 1
Waymart, PA 18472

Dear Mrs. Varcoe:

Enclosed is a copy of the Curtis Valley School text which, with your permission, I would like to publish in Volume II, Number 4 of NORTHEASTERN PENNSYLVANIA.

Please feel free to make any changes that you like to the text, whether they be additions to or subtractions from the information reported. On the third page, I have asked two questions. I think the 1905-1906 Souvenir Booklet lists the names as Homer Hanenstein and Charles Vancoe. Should not the former name be "Homer Hauenstein" and the latter name be "Charles Varcoe?"

Printing deadlines being what they are, I would appreciate it if you could look over this information and make all corrections and additions and subtractions and return this copy to me by the end of March (stamped, self-addressed envelope enclosed).

I am well and I hope that you are well. Has spring begun or is the present mild weather only a false alarm? I think that perhaps spring has begun. How do you see it?

Sincerely yours,

S. Robert Powell
